

Grade 5 Science: Layers of Soil

Onika Thomas

<http://www.telresources.org/resource77>

TYPE	lesson plan
LEVEL	elementary
SUBJECT	science

Lesson Objective: The end of the lesson pupils should be able to:
• List the different horizon of the soil profile.
• Analyze each layer/horizon of the profile
• Draw and label the soil profile
• Give brief description of each horizon according to texture, colour and nutrients content.
